Life is unpredictable. No one likes to think about the unexpected, but a surprising amount of people in the UK would fall upon serious financial trouble in the event of a debilitating illness or injury.

If you want to be prepared for whatever life throws at you, income protection makes perfect sense. In return for a small proportion of your salary each month, an Income Protection Plus plan could provide you with a regular, monthly income to replace up to 70% of your salary if you were ever unable to work due to illness or injury until you return to work or reach age 65 (whichever comes first).

Highlights of the policy include:

- Cover up to 70% of your income
- Tailor cover to suit your individual needs
- No waiting period – cover starts as soon as your first contribution paid
- No penalty for making a claim and no limit to the number of claims you make
- [Profit Share scheme](#) – any profits are shared with members
- 97% of new claims paid over the last 3 years (2017-2019)

Plus:

- Enhanced Loyalty Bonus* - aims to provide insured members with a minimum capital sum of £10,000 and six months income benefit to your family in the event of your death
- GP 24 - Free current access to a 24/7 app-based GP service putting healthcare in the palm of your hand with instant access to a GP
- Member benefits scheme - Access to our wide range of discounts and cashback on leading brands such as Currys PC World, EE, and Virgin Active
- Health Assessment - A free health assessment after 6 months of membership for qualifying members.
